Force, mass and acceleration (RP)

Forces
Paper 2 · Combined and Separate
8 questions

Cover the answers. Answer each question out loud or on paper, then check. Tick the ones you know. Learn the 4 starred (★) questions first.

	QUESTION	ANSWER	✓
1 ★	**Force and acceleration of a trolley: name the independent variable.**	Force applied to the trolley	☐
2 ★	**Force and acceleration of a trolley: name the dependent variable.**	Acceleration of the trolley	☐
3 ★	**Force and acceleration of a trolley: name the control variables.**	The total mass (trolley and hanging masses) and the surface the trolley travels on	☐
4 ★	**Force and acceleration of a trolley: explain why each mass taken off the hanging stack is put on the trolley.**	To change the force while keeping the total mass the same.	☐
5	**The force on a trolley is doubled. State the effect on its acceleration.**	It doubles.	☐
6	**Mass and acceleration of a trolley: name the independent variable.**	Mass of the trolley	☐
7	**Mass and acceleration of a trolley: name the dependent variable.**	Acceleration of the trolley	☐
8	**Mass and acceleration of a trolley: name the control variables.**	The force applied and the surface the trolley travels on	☐
